

SAVE A LIFE! BE PREPARED

WHAT IS NALOXONE? HOW CAN I GET IT?

Naloxone (Narcan) is a medication that temporarily reverses the effects of opioid overdose.

By carrying naloxone, you can save a life.

Anyone who may witness an opioid overdose can get naloxone.

WASHINGTON STATE LAW ALLOWS YOU TO GET NALOXONE (NARCAN) FROM A PHARMACY WITHOUT A PRESCRIPTION.

It is very important to call 911 when you give naloxone because a person can slip back into overdose.
