

Olympic Action Collaboratives 2022 Meeting Schedule

In-person attendance is encouraged to facilitate optimal collaboration.

COVID-19 Protocols:

To best protect and honor everyone's safety, county and venue-specific safety precautions are followed at all OCH events. At this time, OCH is also requiring proof of up-to-date COVID-19 vaccination for in-person attendance, in support of the health-serving workforce.
Up-to-date means fully vaccinated and have received a booster dose if eligible.

Event specific safety protocols will be shared one week in advance. OCH encourages participants to take additional safety precautions as they aid in personal comfort.

Please contact och@olympicch.org with any questions or concerns.

A **Zoom** link will be available for those more comfortable attending virtually.
