

SAVE A LIFE! SECURE YOUR MEDS

SAFELY STORE YOUR MEDICATIONS:

AT HOME

**OUT OF REACH
AND SIGHT OF
CHILDREN**

**IF POSSIBLE,
LOCK THEM UP**

75% of opioid misuse starts with people using medication that wasn't prescribed to them.

Please do not toss old medications down the toilet.

Properly dispose of medication at a safe medication return site. If your local return site has closed due to COVID-19, the Washington Poison Center recommends safely storing your medications at home until sites reopen.
